Anh Tran

From Wikipedia, the free encyclopedia

Phuong Anh "Anh" Tran is a character from the documentary series *Anh in Montréal*, portrayed by Phuong Anh Tran. The series follows Anh's journey from neuroscience to full-stack development, blending logic and creativity in the tech world.

Anh Tran
Portrayed by   Phuong Anh Tran

Background [edit]

Université de Montréal
- Bachelor of Science in Computer Science
  (*Expected Graduation: April 2026*)

Université de Montréal
- Bachelor of Science in Neuroscience
  (*Sep. 2020 – May 2023*)

Works [edit]

Sunset Prediction Web App | React, Node.js, OpenAI API, Vite, Axios, Express
- Built a full-stack app deployed on Render that predicts sunset colors and generates poetic descriptions using OpenAI API and real-time weather data from OpenWeather API
- Implemented AI-generated sunset descriptions, enhancing user engagement with dynamic outputs.

Recipe Generator | JavaScript, HTML, CSS, API
- Developed a web application that generates recipe suggestions based on user-inputted pantry items, using JavaScript to interface with the Spoonacular API.
- Crafted a responsive and accessible user interface employing HTML and CSS.

Storylines [edit]

AI Trainer - Outlier | May 2024 - Present
- Evaluated and optimized over 50 AI responses weekly, enhancing model accuracy
- Contributed to training generative AI models by creating and refining French-language writing projects.

Etsy Shop Owner - Plutonien | Nov. 2021 - Present
- Managed product design, marketing, customer service, and order fulfillment, achieving 41 total sales.
- Implemented strategic pricing and promotions, increasing product visibility to improve Etsy search rankings.

Sleep Laboratory Intern - Sleep Laboratory directed by Dr. Dang-Vu | Jan. 2023 - Apr. 2023
- Collected and monitored EEG data for a study on the effects of rocking beds on sleep.
- Organized and analyzed EEG data using R, demonstrating a methodical approach to data management.

Technical Skills [edit]

Languages: Java, Python, JavaScript, HTML/CSS, R
Frameworks: React, Node.js, Express
Developer Tools: Git, VS Code, IntelliJ, Vite
Microsoft Office Suite: Excel, Word, Powerpoint
Communication: French, English, Vietnamese (fluent)
